**【Abstract】**

**【Problem to be Solved】** An object is to provide construction of a clothing which is transformable and maintainable its three-dimensional shape even if the clothing is formed from soft material such as knit.

**【Solution】** A wire 20 which is transformable and maintainable its shape is attached to a dress. The wire 20 is ceramic and an end of the wire is turned up and covered by a resin tube 21. The wire 20 is attached circularly along the peripheral direction of a body 11, a sleeve 12 of a shirt 10 or a cuff of trousers 25. The wire 20 is attached to a neck or a pocket of the shirt 10 along the perimeter thereof.
